| 3 | Anaesthesia | A | B | A | | | | |
| 4 | Anaesthesia | A | A | B | | | | |
| 5 | Nursing | A | A | A | | | | |
| 6 | Nursing or Other: _____ | A | A | A | | | | |
| 7 | Other: _____ | A | A | A | | | | |
| 1 | Anaesthesia | B | B | A | | | | |
| 2 | Anaesthesia | B | A | B | | | | |
| 3 | Anaesthesia | B | A | B | | | | |
| 4 | Anaesthesia | B | B | A | | | | |
| 5 | Nursing | B | B | B | | | | |
| 6 | Nursing or Other: _____ | B | B | B | | | | |
| 7 | Other: _____ | B | B | B | | | | |

A simulation group of 7 participants should comprise of 4 anaesthesia providers, 1-2 nurses and 1 surgeon and or medical officer (*other*) per group:

- Allocate participants to simulation group A or B on day 1 of the course to and ensure an even spread of inter-professional learners
- On day 2 and 3 of the course, re-allocate the simulation group of the anaesthesia providers according to the registration template
- Prior to the start of each day, indicate on participants' name badges their simulation group for the day and designated scenario that they will be lead participant:
 - For example D2 B – 2.4 indicates that this participant on day 2 is in simulation group B and will be lead participant for scenario 2.4
 - Note – some scenarios are designed of inter-professional lead participants (2.5, 2.6, 2.7, 3.5,3.6, 3.7). Allocate these accordingly.
